In English-speaking countries, ghost stories are a popular part of \_\_\_\_\_. These tales often involve spirits haunting old \_\_\_\_\_, mysterious sounds in the \_\_\_\_\_, and sometimes even ghostly \_\_\_\_\_. One famous story is about the Headless \_\_\_\_\_, a ghost who rides through the night. In England, there's a legend about the \_\_\_\_\_, a spirit seen in various castles. These stories are not just for \_\_\_\_\_ people; they also have cultural \_\_\_\_\_.

Many of these tales have been passed down for \_\_\_\_\_. They are told around \_\_\_\_\_ or during sleepovers, creating a spooky \_\_\_\_\_. In some regions, ghost tours are popular, taking people to haunted \_\_\_\_\_. These stories vary from place to place, reflecting the unique \_\_\_\_\_ and beliefs of each area.

In the United States, the story of the \_\_\_\_\_ is well-known. It's a tale of a haunting in Tennessee that has intrigued people for over a \_\_\_\_\_.
