Legal Procedures in Salem

The _____ witch trials took place in 1692 in Massachusetts. People were accused of _____, a crime taken very seriously. The trials began with several young _____ claiming to be possessed by the devil. This led to a series of _____ against many townsfolk. Legal proceedings were quickly organized to address these claims. The _____ sessions were filled with intense questioning and dubious evidence. Many _____ individuals had little chance to defend themselves. The _____ relied heavily on spectral evidence, which was based on dreams and visions. The _____ created a sense of panic and hysteria in the community. Some _____ to witchcraft to save their lives, while others maintained their _____ and were executed. Eventually, the use of spectral evidence was _____, but not before many had been executed. The _____ finally intervened and stopped the trials. This dark chapter in history shows the dangers of flawed _____ processes and mass hysteria.
