Loyalists in the American Revolution

During the American Revolution, there were people known as Loyalists. They were _____ who remained loyal to the British Crown. Loyalists believed that the British _____ had the right to govern the colonies. They feared that a break from Britain would lead to _____ and instability. Many Loyalists faced persecution from their Patriot neighbors. Their _____ were often seized, and they were sometimes attacked. Some Loyalists joined British _____ and fought against the Patriots. Others provided _____ to the British, helping them in their war efforts.

Loyalists came from various _____. They included wealthy merchants, landowners, and even some slaves who were promised _____ by the British. The British offered protection to Loyalists, encouraging them to join their side.

After the _____, many Loyalists were forced to leave the United States. They migrated to other parts of the British _____, such as Canada and the Caribbean. These Loyalists contributed to the development of new _____ in these regions.

The Loyalists played a crucial role in the American Revolution. They provided a counterpoint to the Patriots' quest for _____. Their presence highlighted the internal divisions within the colonies. Understanding the Loyalists' _____ helps to gain a fuller picture of the American Revolution.
