The Powhatan Confederacy's Role

The Powhatan Confederacy played a crucial role in the early years of the Jamestown Settlement. The _____ was a powerful alliance of Algonquian-speaking tribes in what is now Virginia. When the English _____ arrived in 1607, they encountered the Powhatan people. The leader of the Powhatan Confederacy, _____ Powhatan, initially saw the settlers as potential allies and trading partners.

The _____ between the settlers and the Powhatan was complex. At first, there was _____. The Powhatan provided the settlers with food, which was essential for their _____. In return, the English traded metal tools and other goods. However, tensions soon arose. The settlers' demand for more _____ led to conflicts.

Despite this, there were periods of peace and trade.

Pocahontas, the _____ of Chief Powhatan, became an important figure in the relationship between the two groups. She is famous for her _____ in saving Captain John Smith and later marrying settler John Rolfe. This _____ helped establish a temporary peace between the Powhatan Confederacy and the settlers.

The _____ Confederacy's support was vital during the early, difficult years of the Jamestown _____. Without their help, many more settlers might have died from _____ and disease. However, as more settlers arrived, the pressure on Powhatan lands increased. This led to a series of _____ known as the Anglo-Powhatan Wars.

By the mid-1600s, the _____ of the Powhatan Confederacy had significantly declined. The English settlers had grown in _____ and strength, pushing the Powhatan people off their lands. The initial cooperation gave _____ to conquest and domination by the settlers. The legacy of the Powhatan Confederacy remains a significant _____ of the history of early America, highlighting the complex interactions between Native _____ and European settlers.
